**WATER PURIFICATION TABLETS
 FOR DRINKING WATER**

HARMFUL

- Harmful if swallowed
- Irritating to the eyes and respiration
- Contact with acids liberates toxic gas
- In case of contact with eyes rinse immediately with plenty of water and seek medical advice
- Keep out of reach of children
- Keep container dry
- Warning: Do not use with other products. May Release dangerous gases (Chlorine)

INSTRUCTIONS FOR USE

- Dissolve 1 tablet per 1 litre of drinking water.
- Leave for 10 minutes before drinking.

Steri-Tab Water Purification Tablets destroy harmful Bacteria found in contaminated water and protect against illness caused by water borne diseases.

Always stir the solution to ensure even distribution of the active ingredient. Where Bilharzia (Schistosomiasis) is a problem or the water is visibly contaminated, use either 2 tablets or leave for 20 minutes before drinking. For washing salad, fruit or vegetables, add 5 tablets to 1 litre of water and soak for 10 minutes. Use these tablets for water purification and Steri-Tab Feeding Bottle Sterilizing Tablets for baby's bottles.
